## Spring Valley Sewer Bonds Battle Rages

By DICK HENDERSON

The Battle for Ballots in the \$735,000 sewer bond election, to be held in Spring Valley next month started at a meeting at Spring Valley School August 16, when more than 100 residents of the new sewer district met to hear and to disagree with officials of the Mountain Valley Tax Association, who had arranged the meeting. Roy Martin, president of the MVTA, and W. J. Miller, a retired brigadier of the British Colonial Service, chief speaker, opened the fracas.

Mr. Miller, called the general, stated that he had supervised many installations of public works while he was in the service. He referred to the bond election of two years ago, which was for \$1,117,000 and was for a much larger district, including part of La Mesa's territory, and was defeated 2 1/2 to 1 when the votes were counted.

Following the election the supervisors were petitioned to dissolve the district, the petition having 1571 signers.

Next step was the outlining of a new district, with the dissenters left out, and the present district excludes the "opposition," who seemingly are not interested in the bond election, since they cannot vote nor will they have anything to pay on the project.

Asked why the MVT was interested in this election, the general said he was a good American citizen and didn't want to see his neighbors have to pay a fabulous sum for a sewer, with the subdividers getting a sewer through their property for 35c per acre while the small property owners paid thousands.

### Disorder Quietened

About this time different members of the audience started to ask the general questions, and there was considerable disorder. Chairman Martin used his gavel and order of a sort was restored. The general then turned his rhetorical artillery on the supervisors, and advocated a change in the management of the sanitation district, placing it in the hands of residents of the district selected by vote.

The general also took a crack at the subdividers, who he claimed would get their sewer lines for a fraction of the cost, but he didn't explain how that would be done.

One lady asked the general how come he hadn't voted to annex to La Mesa and get sewer connections. He said he didn't want a sewer right now for his home. (The Mt. Helix area turned down a chance to annex to La Mesa at a recent election.)

Miller stated that the supervisors had a "trade union," most powerful in the state, and that \$6,100 of "our" taxes had been contributed the past year.

About this time the arguments became too involved for this reporter, and too many unrecognized speakers forced the certified shorthand reporter, Alex Stewart, to rise and state that he might as well go home as he couldn't get the speeches, or arguments, that he was employed to take. The audience quieted and he started again to use his stenographer. He also had a recording machine, but the record was somewhat jumbled. We will probably have a more intelligible account when Stewart gets his notes untangled.

**One Laugh**  
The first laugh of the evening came when the general made a Biblical quotation and referred to Roosevelt. "No, I guess that was Moses."

Miller then gave some figures, showing that with an assessed value of \$5,000,000 the ad valorem tax would be 82 1/2c per \$100, (it was said by proponents of the sewer bonds that the assessed value was \$6,460,000 which would reduce the assessment materially.) The bond issue of \$735,000 will be the whole cost of sewers and disposal plant with the land assessed by the county assessor and your tax bill will show what your property would be charged for the sewer service. This tax will pay for the installation and disposal plant. The laterals and other expenses will be paid for under the 1911 Act, covering ten years.

At this point Earl Barnes, former president of MVT, took the floor, and used the blackboard and chalk. He used \$780,000 for a base figure, (\$735,000 is the official figure) and assumed an interest rate of 4% with \$468,000 interest to be paid over a 30 year period, or \$1,248,000 as a total, with \$41,600 total yearly to be paid on bonds. Later on Gilbert Ray gave figures that were considerably lower. Just the arithmetic approach from a different angle.

Barnes used the .823c rate on ad valorem or assessor's figures with \$3,000 assessed value up to \$7,000 and got from \$33.28 to \$58.28 yearly, plus laterals at \$4 per foot, to be paid besides. Considerable confusion prevented this reporter from getting the totals, and no doubt exact figures as to cost totals will be furnished the voters before election.

Dr. J. B. Askew, county medical director, attended the meeting, but aside from answering a question or two as to procedure, had nothing to say.

**Hansen Speaks**  
Fred Hansen, a subdivider with a smaller ownership of vacant

land in the proposed district than he is credited with, took the floor and was granted a hearing, uninterrupted by heckling. He referred to his coming here several years ago, investing some money in Calavo Gardens, selling property to various homeowners, who have recently told him that they were offered a substantial increase over the payments to him, and were well satisfied.

Hansen said the lack of sewerage facilities had killed a deal with Hollywood men who had money to invest. They had come here and looked over the property, agreed to put up 300 houses, had the money in escrow with Union Title and Trust Co. and the deal fell through when it was realized that there was no sewer. Hansen said the loss of this development had proven costly to the district, and that until a sewer is provided Spring Valley will not grow. Property owners at the meeting told of their inability to get loans for improvements, "until a sewer line is in."

Gilbert Ray, who has lived in this area all his life, then took the floor, gave official figures which cut down Mr. Barnes' estimates. Mr. Ray's figures will be presented in an early issue of the Bulletin.

To a disinterested observer, it seemed that the folks in favor of the sewer had the better of the argument, despite the general's statement when he was speaking that "The men behind the sewer are not to be trusted."

If you haven't bought any counterfeit merchandise lately, you will probably soon buy some. This racket is now booming.

### IT SINKS! IT STINKS!

Captain Robert Goodbody, 8533 Imperial Avenue, Brookside, who is heading the activity of St. John of the Cross Church members for sewers in Spring Valley is shown looking into a ditch in front of his home after the concrete curbs fell into the hole because of moisture penetration.

Goodbody said that sewage seepage softened the earth, causing the collapse of the curb. The line of demarcation of the moisture is shown by arrow on the right side of the picture. Goodbody said that the moisture is effluent from septic tanks in the area. It has the odor of effluent, he said.

Dr. J. B. Askew, director of public health, said that the moisture is effluent and the line of demarcation is where evaporation ended. Dr. Askew said that in winter the effluent does not evaporate as rapidly and rains seep into the ground, bringing effluent up as surface water. This is a good example, he said, of how community health is endangered.

With Captain Goodbody are his daughters, Robin, age 4, and Gail, 8.

The picture was posed to help emphasize the need for sewers in the Brookside and Spring Valley areas.

An election on a sewer bond issue will be held in Spring Valley Tuesday, September 27. If the bond issue passes the church and church school will hook into the sewer system. They are now on septic tanks.

### Dry Cleaning Prices To Increase Throughout County

Dry cleaning prices are going up next Monday, it was revealed this week by the San Diego Dry Cleaning Association. William Vandenberg, operator of Dutch Cleaners in Lemon Grove, and member of the association, said that increased cost of supplies and increased cost of doing business had contributed to the increase. Although the rates have not been definitely established, Vandenberg said that it is likely that \$1.25 for suits and 75c for pants would more than likely be set. Women's wear prices will increase proportionately, he said.

Vandenberg said that the price of coat hangers, for example, had increased from \$6.50 per 1,000 to \$25 per 1,000 and other supply items are in about the same ratio. The increase will be effective next Monday.

### ROBERT FAROUT DIES OF HEART ATTACK

Robert Farout, 47, an employee of an electrical contracting firm, who lived at 2746 Citronella, died Saturday of a heart attack.

He was a member of the naval reserve and was to have started a two weeks cruise Saturday. He is survived by his wife Helen, who was in Boston at the time of his death, and two children, Robert, 8, and Richard, 7.

Services will be held Thursday at Conrad Mortuary, 7387 Broadway. Cremation will follow.

Whoever lets go the smallest part of a secret has lost the power to keep the rest.

### REFRIGERATOR, TRIP TO VEGAS AMONG MAYFAIR COOKING SCHOOL PRIZES

Laura Kennedy... with a nationally known cooking reputation Mayfair Markets have announced a series of five-day cooking schools, the first of which is to begin Monday at Friendship Hall in Lemon Grove and running through Friday, September 2, reported Larry Childress, local Mayfair manager. The schools, according to

Lloyd Pettigling, supervisor of Mayfair's San Diego division, are sponsored by Mayfair in conjunction with Homemakers' Service, national cooking school organization, and will be held during the next five weeks in the vicinity of various Mayfair Markets in the San Diego area. The second one will begin Tuesday, September 6, in National City, the third September 12 in North Park, the fourth September 19 in Chula Vista, and the fifth September 26 in El Cajon.

Laura Kennedy, nationally known home economist, television personality and author, will conduct the series and will demonstrate the newest and most modern meal planning, featuring thrifty dishes, new recipes and culinary ideas, and national brand merchandise. Every session of each five-day series will be devoted to different subjects, so that housewives attending all five days will receive a comprehensive course in the latest developments in the food and meal planning field.

Free prizes will be given away daily, with 75 bags of groceries available during the five-day series, and a grand prize of a 9.1 cubic foot Frigidaire will be given away at the end of each series.

At the close of the entire series, a super grand prize of a five-day, all expenses paid vacation for two in Las Vegas will be awarded to a patron of the cooking school.

Childress emphasized that no purchase of any product would be necessary in order for a patron to become eligible for the prizes, nor would a purchase at any Mayfair Market be necessary. Patrons of the cooking school would, however, be required to register at each session in order to be eligible for the prizes.

**Van Deerlin, Hunter At Democratic Picnic**  
Local Democrats, gathering at their annual summer rally, will hear Lionel Van Deerlin, noted television news commentator, and John E. Hunter, a former Democratic candidate for the State Assembly from the 80th District, discussing briefly the political outlook for 1956.

The "bring your basket" picnic will be held Sunday from 12 noon at the Pine Valley picnic grounds on U. S. Highway 80 in Pine Valley. The affair is open to the public, and no tickets will be necessary. Facilities for swimming and softball will be available, and a program of games has been prepared for the youngsters. Prizes will be awarded for all winners in these contests.

### LETTERS TO THE EDITOR

Dear Editor:

Were you trying to make believe that you were a fearless crusading newspaperman when you wrote the story on the irrigation district?

You boldly charged Griffin with dabbling in tax deeds lots early this year and indicated that there would be more to the story.

What happened? Did you get cold feet or ???

Yours truly,  
Art Connors  
1541 Taft

The Griffin affair is not dead. There's a recall movement afoot. Irrigation district law states, however, that a recall election cannot be called until six months after the elected director is seated. Griffin was elected in February but he was seated March 7. That means the recall cannot be made until after September 7. The recall petitions have already been printed and will be distributed next month.

Ed.

Dear Editor:

Surely there are some who have been "just missed" by a stray bullet? Or perhaps have seen boys wandering over the hills, too close to homes, carrying rifles, and taking indiscriminate shots at birds, cottontails, etc. Are we just to sit back and let this continue? One of my children was walking in our own yard today, and was just missed by a bullet from a 22 caliber rifle which had first severed an electric wire directly in front of our house.

The S. D. Gas and Electric Co. repairman was prompt in fixing it, but what concerns me is that it isn't so easy to fix a dead child. What can we do to stop these accidents—and who can enforce the law, if there is such a one concerning 22 rifles being fired near habitation?

Sincerely,  
Mrs. L. Szuch

### Bids to Be Let for San Miguel School Addition

Within two months bids will be let on the San Miguel school for classroom addition, according to Byron Netzeley, Lemon Grove school superintendent. At the Monday evening meeting of the school board this week, working plans for the federally financed rooms were reported and will now be submitted to the State Division of Architecture for approval. At the same time the Lemon Grove Lumber Company was awarded the contract for paint and painting supplies for district projects.

Four cafeterias will operate this term for the convenience and health of pupils. After board approval of the operating program, Mrs. Ruth Pfister, cafeteria director, announced the following managers: Mrs. Janet M. Andrews, junior high; Mrs. Eva Jennings, Vista La Mesa; Mrs. Fern Machado, Monterey Heights; and Mrs. Verna Williams, San Miguel.

Mrs. Gloria Detmers was employed as a bus driver for Lemon Grove schools. An experienced driver with school and commercial background, Mrs. Detmers will operate a fourth bus recently ordered for the district. In presenting the transportation schedule, S. K. Solleder, assistant superintendent, stated that no change is anticipated in walking distances but that pupils in kindergarten through third grade will be hauled over the many hazardous traffic areas where lack of sidewalks and signals impairs student safety. Approximately one-third of the elementary pupils in Lemon Grove will be using district provided transportation.

Solleder also reported two vacancies on the teaching staff. To be filled before the opening of school on September 12, the vacancies were the result of the resignation of one out-of-state teacher and the board's granting a year's leave of absence to Mrs. Elda Bengsten, a permanent teacher here. Mrs. Bengsten, whose husband teaches elsewhere in the county, requested the leave to care for a new child in her family.

Next meeting of the Lemon Grove school board will be held on Monday evening, September 12, 7:30 p.m., at the Education Center on Lincoln and Kempf. Several hundred people are expected to attend the outing, sponsored by the El Cajon Valley Democratic Club. Included among the expected guests are San Diego Democratic Council chairman Mike Lustig, Assemblyman Sheridan Hegland, Assemblywoman Wanda Sankary, and other Democrats. Stover, prizes, and H. T. Snyder, games, are also expected.

The picnic committee consists of Mitchell E. Prior, chairman, William Beers, program, Mrs. L. Wanda Dwyer and Mrs. John E. Hunter, hostesses, Mr. and Mrs.

## The Dimmer View

By MAX GOODWIN

Well, here we are firmly ensconced in our new building at 7834 Lester Avenue. Those of you who have moved into a place built expressly for you will know what I mean when I say "It could have been worse... but it could have been better, too."

The electric outlets were not exactly where we wanted them. The doors could have been more advantageously placed. The gas outlets were on the wrong side of the building and there is no water tap in the rear. You can see how I feel by the illustrations via this story. It concerns a man who gave an employee of his, a colored man, a bottle of liquor for some extra work the darky had done. Monday, when the employee came in and the boss asked him how the whiskey was the darky said "It was just exactly right, boss. If it had been any worse I couldn't have drunk it. If it was any better you wouldn't have given it to me."

That describes our feelings pretty well, too. We had a little trouble with the building inspection department. The day we had scheduled the gas and electric company to turn on our power, there was a hitch in the works. The county building inspection department had failed to put an OK on the inspection although I had notified them well ahead of the normal span of time... even to the extent of renting our former location for an additional month to avoid crowding the inspection people and the contractor.

I called the inspectors and they explained politely how Inspector Lucy was on vacation but another man would inspect it that very day.

This man, named Shrieber, charged over and said he couldn't read the instructions left by Inspector Lucy. He opined that it would have to wait for Lucy's return from vacation... and that was two weeks off.

The purple haze that hung over Lester Avenue for several hours was my reply to that! We got the power into the plant on Tuesday as scheduled.

I had to prod the gas and electric company about the gas installation on the day we got power. They advised me that the idiots at the inspection department had not cleared the new place for gas when they cleared it for power. Of course the gas company wasn't about to advise me either through ignorance or policy. The telephone lines between me and the inspection department were immediately split with explosive and vituperation. Against the threat of a bruising contact with Goodwin retribution I delivered up an ultimatum of 15 minutes as the time for getting the gas clearance to the gas company. I called the company in ten minutes and the clearance was already five minutes old by then, so the words I used must have been effective.

So here we are, happy and content in our new home. We really aren't as angry with the building inspection department as we appeared two weeks ago.

Instead of seeking them out with a blunderbuss to vent my spleen on these misguided wretches as I had originally threatened, I am only going to utilize the effort on an educational campaign.

I want all my readers who have had some unusual experience with this department, or other parts of the county government, to call and tell me of it.

I hope that such material, reduced to black and white, might bring into proper county government perspective the relationship that should exist between the public servant and the people they serve.

### It's 'Dirty Work' at Little Theatre 'Crossroads'

By BARBARA ARBUCKLE

Right down the track and into the footlights roars the New York, New Haven, and Hartford Limited as the Heartland Players under the direction of Bob Snow revive the old time melodrama "Dirty Work at the Crossroads."

Taking place in a country garden, the villain Munroe Murgatroyd seeks to control the railroad, two beautiful women, and an unwanted wife. Davy Vernon cleverly portrays this sly slippery rogue, while Lynn Slade is our staunch-hearted hero, Adam Oakart. Inel Gibson will play the ever forgiving Nellie Lovelace, and Ida Rhinegold, portrayed by Barbara Arbuckle, is the usual troublemaker and helps Munroe get everyone in trouble. With a grand supporting cast including Harry Robinson, Charlene Spisak, Emily Jordan, Corrine Kuehne, Luana La Taur, Shiela Snow and Lynette La Taur, this should prove to be a well worth while production.

September 1, 2 and 3 are the play dates. Helix High School is the place and the price of admission is \$1.00. Curtain time is 8:30 p.m., so be prepared to hiss the villain, cheer the hero, and weep for our heroine. You might just find a little pity in your heart for Ida Rhinegold too.

## Parachuting Parson To Speak at Lions Club

Bob Williams, Flying Pastor

The Civil Air Patrol chaplain who, with 17 others, parachuted from a flaming Air Force transport plane will tell the story of his adventure at the Lions Club at Michael's, Thursday, September 8, it was announced by Harold Holladay, the club's president.

He is Bob Williams, field representative for Pacific Bible College at Azusa, California, who learned about war as a member of the Seabees and turned to the ministry following his "call" to Christian service while a commercial business administration student at the University of Southern California. Later he enrolled at Pacific Bible College from which he was graduated in 1951 with a bachelor of arts degree.

The personable 32-year-old minister was traveling from Burbank to Sacramento with 14 other CAP chaplains when their plane took fire.

Williams will relate the dramatic situation, wherein the 15 preachers and three crew members, none of whom had ever parachuted before, "hit the silk" within 90 seconds, and watched their flaming plane crash to the ground while they were still in the air.

Williams still has his parachute, pictures and other material from his experience which he will exhibit.

One of the many "unbelievable" side stories of his adventure was an injury to his left foot which proved to be a help rather than a hindrance. It seems that several years before he had broken the foot and adhesions of cartilage had grown up and over the fracture and attached themselves to the joint. In the "accident" of his landing, Williams broke loose the adhesions. The examining doctor informed him that the adhesions would now dissolve in the blood stream and that his foot and ankle would now be in much better condition than prior to the incident.

### Averred Shoplifter Caught With Goods After Two Years Watching

Rose Marie Perretta, a Mexican woman who gave her residence as 2545-34th St., San Diego, was arrested by Deputy Sheriffs D. Bryan, E. Nilson and Matron D. Davis Saturday, charged with shoplifting by the management of Rancho Basket Market. The officers were cruising in the business district and saw the woman running, pursued by an employee of the market.

On being searched, the woman had 14 pairs of Trilby brand women's hose, one in a sack in her possession were found a can of beer, a head of lettuce and a grapefruit, a total of \$22.94 worth of loot.

Clerk Loraine Anzalone, who said she had been suspicious of the culprit's actions for two years but had never been able to catch her, reported the woman to the store's detective, but she got away before he could catch her, hence the running. A bystander reported he had seen her leave the store.

The woman put up a fight when apprehended by the officers, she is said to have begged "Let me go home, I won't do it any more." When the officers started to take her to county jail she attempted to jump out of the car. They feared she was "going psycho" and took her to county hospital for observation. She bit a finger belonging to Miss Anzalone during the scuffle.

A scheduled hearing before Judge Hussey set for Tuesday was postponed by doctor's orders. —D. H.

### S. D. Borrows Against Next 'March of Dimes' Campaign

SAN DIEGO — As a stopgap measure to meet San Diego's acute need of funds for the continued care of polio patients, a check for \$8200 from March of Dimes headquarters in New York has been received by the local chapter of the National Foundation for Infantile Paralysis.

"This money," explained A. I. Dickman, chapter chairman, "is an advance, borrowed from funds which would otherwise have been used in other phases of the nation's fight against polio. It is hoped that it can be returned to National Foundation headquarters from contributions to the next March of Dimes in January of 1956."

Recognizing that polio respects not state or county lines, Dickman said, the National Foundation extends help to the limit of its resources to those of its chapters which have had to go into the red to insure the necessary care of polio patients.

"As an example of how far the March of Dimes organization will go in its resolve that this care shall be given to those who need it," he continued, "New York headquarters is calling in the surplus of all chapters that are now in the black for redistribution among others in distress. This is the only way responsible Americans can be sure that the lives and usefulness of polio patients everywhere in the country can be saved.

"The kind of burden that San

### CARR'S CORNER

Oh dear! There goes copper up again! Papers say price increase from 36c to 48c at the mill. The highest since 1876. And as scarce as anything, too.

Oh well, we still have a beautiful assortment in this lovely metal in our outdoor showcase and the price will not rise there.

Just back from a visit to Max Goodwin's new plant. Quite a set-up; and not all just presses and linotypes. No sir. Saw a nifty built-in television, and a ditto clock and suspect that there are other delights hidden from profane eyes. Housewarming scheduled for September 2.

Have you seen the pretty and faintly Lady Sunbeam shavers in our (CARR'S) corner window? Girls say that they would go a long way to get one.

### Grossmont Hospital Has Busy Opening (Non-Surgical)

No Lemon Grove or Spring Valley resident became a parent via Grossmont during the first three days.

The remainder of the list looked like this:

Six pound, 10 ounce girl—Mr. and Mrs. Robt. J. McCarthy, 4364 Avon, La Mesa—1:42 p.m.

### GROSSMONT HIGH REGISTRATION DATES AND BUS PICK-UP TIMES GIVEN

Registration of new students for Grossmont High School will be held on August 31, September 1 and 2. All new students must register on one of these days between the hours of 9 a.m. and 12 noon, and 1 p.m. and 3 p.m.

On Friday, September 2, all new students are required to take a battery of aptitude tests. The testing program will last from 9 a.m. to 12 noon, and from 1 p.m. to 3 p.m. The purpose of the test is not to determine whether the student may enter high school or not, but to help the counselors of the school to determine the best placement of students in their high school classes. The tests include a math and reading test.

Questions regarding the above schedule should be directed to the Grossmont High School, HO 6-4155.

All new students including freshmen are to report on Thursday, September 8 at 1 p.m. for Freshman Orientation Day. The purpose of this day is to acquaint new students with their teachers and Associated Student Body, and the rules and regulations of the school. Bus transportation is furnished by the district for students on this day. Attached is a list of the bus stops and times for pickup.

## PREDICTION COMES TRUE

NEW DELHI, India—An astrologer told Madan Mohan Lal, 45-year-old government cashier, that he would die by his own hand before June 30, after bringing great distress to his family. Lal worried so much about the prediction that he stabbed his wife and three children to death and then threw himself under a speeding train.

YOUR HAIRCUTS  
TO HELP CRIPPLED CHILDREN

Mrs. Orville Hovdey, (seated) 7545 Church St. and Mrs. Leroy Scagliotti, 7861 Bryan Ct., both members of the L. G. Junior Woman's Club are local committeewomen for the crippled children project. The barbers are Bob Sargent and Bob York.

— L. G. Camera Photo

Get a haircut and help crippled children!

That's the slogan adopted by California's AFL barbers and beauticians as they prepare for their first annual Union Barbers' Day for Crippled Children, set for Wednesday, August 31.

Five Lemon Grove shops are participating in the statewide event.

According to Lee McCormack, secretary, Local No. 256, Journeymen Barbers Union, more than 100 union shops in San Diego County will participate and 50 percent of their wages for services plus all contributions received that day will be turned over to the San Diego Society for Crippled Children, operators of the Children's Hospital.

Lemon Grove shops taking part are Jenkin's Barber Shop, Broadway Barbers, Lemon Grove Barber Shop, Monterey Barber's and Louis Barber Shop.

## Helen Fetterman Misses

## Jackpot Question

Mrs. Helen Fetterman, formerly Helen Rister, a Lemon Grove girl, who appeared on a TV show recently as a contestant in "It Pays to be Married," won several valuable prizes, such as a full set of luggage, six dresses, several electric appliances and \$50 cash bonus. She was unable to answer the jackpot question, "Who is U. S. ambassador to Australia." We don't know, either, Helen. Helen's proud father, Ken Rister, Farmer's Group insurance agent, is satisfied with Helen's performance.—D. H.

First Executive  
Board Meeting Set  
By V. L. M. P.T.A.

By MRS. H. K. THURSLAND

The P-T-A president's work is never done either; even in the middle of summer vacation she is planning, appointing, mapping strategy for the Parent-Teacher year which begins in earnest (and don't let us spoil your fun by this reminder) less than two short weeks from now.

Mrs. R. C. Alexander, president of the Vista La Mesa Parent Teacher unit, is calling her officers and chairman together Monday at 7:30 p.m. Mrs. Wm. Burgner will entertain the group in her home at 7125 Hoffman, Vista La Mesa. The occasion is the first executive board meeting of the 55-56 term. Mrs. Alexander will preside at the business meeting.

Advance plans for the new P-T-A year will be discussed. Matters on the agenda for consideration, Mrs. Alexander announced, are the teachers workshop, coffee hour, the serving of coffee and donuts on the school patio the first day of school and the Halloween Carnival.

This promises to be a busy year for the unit and all members of the executive board are urged to attend.

## CHRIST JESUS SUBJECT

## OF SUNDAY SERMON

"God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life," is the Golden Text from John (3:16) for the Lesson. Sermon on "Christ Jesus" to be read in all Christian Science churches Sunday.

On one occasion when some doubted Jesus and questioned him concerning the Christ, he replied, "I told you, and ye believed not; the works that I do in my Father's name, they bear witness of me. But ye believe not, because ye are not of my sheep, as I said unto you. My sheep hear my voice, and I know them, and they follow me: And I give unto them eternal life" (John 10:25-28).

FR. BARTLETT TO  
TAKE MONTH'S  
VACATION

The Rev. J. Phillip Bartlett, vicar of St. Philip's Episcopal Church, Palm at Hardy Rd., will be on vacation all the month of September. During his absence, the schedule of services will be 8 a.m. and 9:30 a.m. on Sundays. The Rev. F. C. Taylor of El Cajon will conduct the services during September.

Memorial trees and shrubs have been planted around the church and have added much to the attractive appearance of the exterior. A faithful band has spent many Saturday mornings working the transformation.

## Throwin' the Bull

By BOB TURNBULL

It's a Joke, Son!... Courtship is when a girl has her man on a string... marriage is when it turns into a rope.

Improving Pads... It seems that every time I mention the obvious fact that our San Diego Padres are fighting hard to win the cellar crown, they snap out of their horrible slump and play better ball. It might be the witchcraft in my typewriter or just coincidence. But from here on out I intend to give a brief synopsis of their playing—weekly!

On Friday, August 12, the Padres were real big hearted and handed L. A. an easy victory. The Angels won on three unearned runs. That night both Al Federoff and Dick Faber were 0-for-4 at the plate.

On Saturday, August 13, the Padres again dropped an Angel game, 7-4. They played better ball, though, and only gave up one unearned tally. Buddy Peterson went hitless.

On Sunday, August 14, in a double-header the Padres managed, and I don't know how, to win a game. I can just imagine the jubilant celebration that must have rocked the hotel that night. What an upset! The Padres actually won one game out of six tries! Astounding! But, as can be expected, they dropped the nightcap. In the first game Maddern and Joblonski went hitless, and in the nightcap Peterson, Jablonski (our supposed "big league" power hitter), Becquer and McIlish were hitless.

On Tuesday, August 16, Steve Ridzik hurled a six-hitter for the Padres, and for the first time in a long sorry week, the Pads played good ball. Score: 4-1.

On Wednesday, August 17, Earl Tapp finally found his mark, after a prolonged and miserable batting slump, and paced the border crew to a 4-3 victory.

August 18, Thursday night, saw the Pads drop a 6-4 battle with the Sacramento Solons. At the plate Federoff went hitless and Jablonski and Becquer belted only one blast in five trips.

All in all, our still-decaying Padres are in third slot, five places off of league-leading Seattle, and one game behind second-place Hollywood. And if the Pads don't start playing ball... they've had it!

Altar Arrests... Kris Johnston and Ed Dobis were wed last Wednesday night. Mrs. Barbara Westlund has been Mrs. Winterrodd for a month now. R. G. Richardson will be married on September 17. Dan Ahrens-

berg, Helix grad and attendant of SDJC, is engaged to Darlene Theis, a present Helix student. Larry Shaw, Helix grad, is engaged to Virginia Lehner. Lambert Koopmans of Lemon Grove is engaged to Sharon Archibald. Ione Clark, Helix student, is engaged to Marvin Bauman. Bernice Heine, Lemon Grove grad of Helix High School, is engaged to Jim Pruitt. Richard Speaks, Helix student, announced his engagement with Gwen Harrison, a Hoover student, recently, at a local ship-builder's picnic, at Flynn Springs.

Dis'n Dat... "Whoever shall lose his life for my sake and the gospel, the same shall save it." (Mark 8:35). For those of you who would like to watch a TV show for high school and college age students, watch Lynn Taylor's Teen Review show on Channel 10 (KFSD-TV), on Saturdays from 4:30 to 5:30 p.m. And don't forget that Don Howard (KSDO) and Gene Norman of L. A. are presenting Nat King Cole, June Christy and Maynard Ferguson and his ork in concert on August 28, in Russ Auditorium. Tickets are on sale at Ratner Electric, Eighth and Broadway, San Diego.

### Single Petunias Are the Answer for Massed Color Effects

One of the principle plus qualities of bedding plants is their ability to furnish quick color in the garden. Especially in new homes the need for some immediate effect is easily answered by well selected bedding plants. Of setting out a nominal amount of

SINGLE PETUNIA

the many varieties of bedding plants that are available to give quick color in the garden one of the outstanding favorites of many years standing is the ever popular bedding petunia. Commonly called single petunia or nana compacta, this line of petunias yields as much color with such little effort that through the summer months the California home gardens often seem to be covered up with their riotous show of bloom.

Single dwarf petunias are available in a wide range of colors from the pure white Snowball, through the pinks, such as First Lady, the rose shades such as Rosy Morn and Rose of Heaven, the reds such as King Henry and the blues such as the light

blue of Heavenly Blue and the darker blue of Blue Bedder, down through the violet purple of Blackfoot and Violet Gem. To get the full sweep of colors many nurseries offer a complete mixture of the dwarf petunias. With such a wide selection of colors and knowing the dependable performance of the nana compacta petunias when planted in a warm sunny location with loose soil the use of dwarf single petunias for home gardens is ideal.

Another grouping in the single petunias is known as balcony or trailing petunias which are also well known for their ability to put out massive quantities of flowers for months on end. Generally this class is available in mixtures only but an occasional grower will put out a planting in solid color. This class is especially useful for covering large areas with little maintenance care as each plant will fill several feet. Steep banks and areas where a wild rampant growth will not be troublesome are ideal areas to use the balcony type of petunia.

All petunias are sun lovers. Soil should be loose when the planting is made, but does not need to be rich or heavy with humus. After becoming established, a petunia planting gets by with little care other than an occasional watering and even this can be skipped during the annual vacation period. Added to these plus factors is the almost complete absence of plant pests to bother the planting and little or no need for cultivation other than to keep down the weeds. Few of the popular bedding plants offer more reward in color for less output in care and maintenance than do the single petunias.

Maxwell D. Taylor, new Army chief of staff: "We of the free world don't think with pride about our accomplishments in Korea to the degree the record indicates."

### ANOTHER 'JAZZ' CONCERT SCHEDULED

Don Howard, KSDO, and Gene Norman, of Los Angeles, have combined forces to bring to San Diego another great jazz concert. The two top guests heading the list are vocalists Nat King Cole and June Christy, plus surprise "big name" musicians.

This fine array of international talent will take the stage at the Russ Auditorium on Sunday night. Curtain time is 8 p.m. Tickets are on sale at Ratner Electric, Eighth and Broadway in downtown San Diego.

### CHRISTIAN SCIENCE SERMON ON GOD AS MIND

That God is supreme in wisdom and gives this wisdom to those who truly ask it is the substance of the Lesson-Sermon on "Mind" to be read in Christian Science services Sunday.

The Golden Text quotes Paul writing to the church at Corinth and saying, "Who hath known the mind of the Lord, that he may instruct him?" (1 Cor. 2:16). In a letter to the Philippians he admonishes, "Let this mind be in you, which was also in Christ Jesus" (Phil. 2:5).

### JESSENS GONE AND RETURNED

Al Jessen, who operates a photo studio on Broadway near Massachusetts, and his wife Esther, and son Fritz, have returned from a vacation in New York where they visited with parents.

### MELLOWAYS HAVE VISITORS FROM SAN FRANCISCO

Betty and Jessie Hall, career girls in San Francisco, arrived by plane Saturday for a week's visit with their sister and family, Mrs. Orville Melloway, 8826 Ildica St.

Betty is secretary to a colonel at the 6th Army Airbase in the

presidio, and Jessie is in the S. F. Customs office. The girls also plan to visit their cousin, Mrs. Ira Oliver in Lemon Grove.

We are a little surprised every time an apparently intelligent writer admits he once joined the Communist party.

How to make sure you get the right number

Look it up. Be sure you look up the right number in your directory or Blue Book before you start to dial.

Put it down. It helps to have the number written down in front of you so you don't forget it while you dial.

Dial the complete number. Be sure you dial the first two letters and the numeral of the prefix, then the other four figures. For example, to call CYPRESS 5-7599, first dial C-Y-5, then dial 7-5-9-9.
